Experience

I have **over 20 years** professional experience in Web design and development, from 1999 through to the present day. I am self-taught and self-employed.

I have contracted with successful web-based companies like **Orbitz, Expedia** and others, and have worked at successful design and marketing firms like **IDEO, Razorfish** and **DDB**.

I have also done work for **United Airlines, Motorola, Searle, Sears, Verizon, Home Depot, Marriott, DuPont**, and other Fortune 500 companies.

I have been primarily self-employed since 2011, along with various part-time and consulting positions. I was lead designer at Chicago.com from 2006–2011; Developer at Design Kitchen from 2004–2006; Art Director at Integramedia, Inc. from 2002–2004; Web Designer at Cyberworks Media from 2000–2001; and a web design intern at ProPlanet Internet Solutions from 1999–2000.
